“ Albert, you had a sixth sense with everyone! I truly hope you did not suffer. You will be remembered and spoken of frequently with love and affection. The levity you brought to almost every occasion was full of light, humor and mischievous attitude. Thank you for being my friend. I kept wishing for your return to SF, but you knew you needed to be with family in Colorado. Bless those you've left behind, especially family.

“ I miss Albert already - i knew him best when he lived In San Francisco. His smile and laugh always lit up any room. He was in. Thank you so much Albert for the gift of your friendship!  
May the angels lead you into paradise.

“ Albert had such a bright soul. He was one of my favorite people I've ever met and I am glad we crossed paths and that I have the memories I do with him. I'm completely in shock to know he's no longer with us. He definitely leaves his mark on people! I remember every morning he'd pull up in his pretty BMW, check the cars next to his and walk in and say Yolanda! Who's hoop the is next to my car? Hahaha it was mine and it wasn't a hoopty! Haha we'd hit each other and he'd run into his office and try to lock me out. When I got in he'd run away and beg me not to mess his clothes up . He always dressed nice! He always smelled good, and his hair! His hair was perfect. I have videos of him and everyone in the office wrestling omg! He was so funny and fun to be around. Even when he was grumpy or stressed we still found all the time in the day to laugh and crack jokes. That's what life's about, being happy and positive even when it gets hard... and he made that pretty easy. I feel like his life was cut way too short and I think that's what hurts the most. He had a lot of life to live and a lot of love to give. Wherever he is now.... it's a party and he's the life of the party. Heaven is lucky to have him, I can only hope to run into him in the next life

Fly high Albert,  
you will always be missed

“ I never met Albert but i spoke with him on the phone many times and he always made me laugh. His personality was larger then life. We insured his car and his home so I may have been just someone on the other end of the phone but I considered Albert my friend. I was shocked and saddened when I heard of his passing. I am sure he will be missed my many people. My thoughts and prayers are with his family in this time of loss.
