“ Grandpa, its a week or so later since you have been gone and I am barley writing this. You have been so heavy on my mind, I miss you so much. You were a dad to me, your pain or niner, G, your baby girl, and Bubba, your hito or son. You have gave us so many great memories in our lives that I will forever cherish. You taught us how to be strong and always made sure we knew how important it was to take care of our Mama's (Char) and (Tammy). You taught us how to play pool, you taught us how to play Color My World by Chicago on the piano. You always took care of us growing up while our moms were at work, You used to take us to eat McDonalds and we would always sit under our tree and eat it. I will always continue to tell your same old jokes that you have told us since we were little all the way until now, even though we are adults and heard them a million times we would still always laugh because that's what us grandkids do. I am forever grateful for the relationship you had with my Jaidyn, your partner. He loved you so much grandpa, and you knew it. I remember it being 10'oclock at night and I would go upstairs because I smelled pancakes and you were always making them for you and your partner, I would always yell at Jaidyn for getting you out of bed and whenever I turned my back you and your partner would just laugh and sit at the coffee table eating your pancakes and drinking your beer (pop). I know your with us, I can feel a sense of comfort that I have never felt before. Come visit me grandpa, I'll be waiting. I love you forever.

“ I will always have nothing but positive memories of my Uncle Fluff. He has always been a positive family member for me from childhood up. I was able to see Uncle Fluff a couple of times this last few months and I'll cherish those brief moments... the last time i saw him...he smiled and waved at me and my wife Sherrie! :) Yes, I'll keep that memory forever. My prayers are for his family and friends. I truly know that this is a huge loss...I loved Uncle Fluff and I am hurting...but I'll remember him as a great uncle, a cool, tough uncle!

“ Uncle Fluff, love you! You are the true definition of a father figure that I always admired about you. You cool stroll, your slick attire and your smooth ways to run a pooltable. You loved us all unconditionally. You are now walking on the golden road in heaven. Please tell my momma "hello" from us and that we "miss her and love her". Your legacy will always be remembered and never forgotten. We love you! You are going to be missed by many.
