“ My deepest condolences and sincere sympathy to Michelle and Sherry. Betty was a true friend of mine for life. One of my last conversations with her at the hospital was her telling me in her Betty's voice, "We had some good times together didn't we!" And me agreeing with her, "Yes WE did!". I love you, my friend. Rest in Peace Betty Pappas

“ Nina my fondest memories of you were always of you going out for the night all dressed up and smelling like a million bucks. So beautiful but you always took the time to greet me and talk to me. You were also there for me at a time in my life where most people turned their back to me and I will always love you for that thank you for the love and care. Thank you for the best red Chile ever. Love always, Anita Diaz

“ My fondest memory is sitting at the park and watching our children play. I appreciate how you shared your time as we were young parents. That bonding time still exists today with our girls! I love you for loving my daughter like she is one of your own. You are the girly momma she probably wished I was. I hope I am as good a stand in momma for your girls as you have been for mine. I'll see you in the sky someday but until then enjoy God's blessings in a different dimension. Thank you for your companionship Cousin Betty. I love you.
