November 1, 1984 - May 1, 2021

Christopher Michael Cordova

“Mikey”

On May 1st 2021 our lord and savior gained another guardian angel, our beloved Christopher. In a world surrounded by darkness, Christopher was a beacon of light for all to see.

The countless laughs, the countless memories that have been made, and the countless amount of words cannot express how much Christopher will be missed by all.

Christopher was the definition of a family man from; taking his children on vacations, first uncle to show up for nieces or nephews arrivals, regularly eating dinners throughout the week at his parents house, and no matter what anyone needed Christopher would always be there.

Christopher loved watching his beloved San Francisco 49ers every Sunday. Even found local groups who would watch them play. It was rare to see Mikey without something 49ers

He constantly supported his team.

Christopher also loved taking his

truck off-roading, many occasions with his kids and even the brave enough family members

Christopher also loved shooting guns; from BB guns to firearms Christopher he even got his kids out regularly to shoot cans and have other family and friends tag along if they wanted.

It was hard not to find Christopher around the family, it was the only circle that he knew. Just as much of a family man Christopher was, he was just as hardworking of a man. He drove trucks for several years for Sysco, Bimbo, and UPS.

Christopher has left an impact on all the lives that he touched. Christopher had a wonderful personality that only comes around once in a while. From his laugh, to his humor, all the way to his smile. Christopher was so unique all because of his heart and soul.

Our beloved Christopher is now in the hands of our lord and savior, as friends and family we ask you lord to please take care of our Christopher and he embarks his journey into eternity, and we ask you Christopher to look after us all.

Christopher is survived by his two children Ethyn and Lilliana Cordova. Parents James and Brenda Cordova. Siblings Mark, Brandon(Anna), and Cady Cordova. As well as six loving nephews and nieces.

He will be extremely missed by all.

“ We lost a great person, not any person my kids father. One of the best fathers in the world. Chris and I met in high school, bought our first home together shared a lot of first together, was blessed with 3 babies, one he's Dancing with in heaven, and of course the joys of our lives Ethyn and Lillyana. Things didn't work out for us and we did have a few years of downs but we always said we're together but apart, because we'd set our differences aside to raise our babies together no matter the circumstances. Thank you Chris for all our up and downs I'll never forget our time together. You most definitely left your mark in my heart after knowing each other for more than half my life.

As we prepared for one of our hardest days. I want to remember Chris for his silly personality, hard working, and dad of many dreams for Ethyn and Lillyana and overall an amazing person. The world lost one of the good ones for sure. Ethyn and Lillyana, my promise to you is to never forget your dad and all the memories he created with you in your short life's of 12 years. We're broken, angry, sad and most of all devastated. When they say life's unfair at times, it sure is. Please pray over the Cordova Family, myself and especially Ethyn and Lillyana. Until we met again our forever 36.

We love you our number One

“ I saw a quote that read "Your wings were ready, but our hearts were not". These words are very accurate because my heart is in a million pieces. I cry, smile, laugh and then cry some more as I think about all of the good times, memories and conversations and your smile that could light up any room. You were an amazing man, son, brother, friend and father. You would always tell me that we had a forever love and bond like no other. Forever is a long time so I will remind myself everyday that this isn't goodbye, it's just an until we meet again.  
We love you and miss you so much Mikey.
