“ I remember the way Jake like to tease. He would act like he was serious and than crack up laughing. He was also very serious at times, especially when talking about work, his future and trying to map through life. But for the most part, I remember his loving ways. He and i would talk on the phone, he knew quite a bit of people in his circle of friends or in his past that had died, and it saddened him to see them pass away. But we talked on the phone about many things. Jake I am happy that your in a more peaceful place for eternity. No more worries. We all worry about one thing or another. I love you and will carry you in my heart forever until we meet again. I wish I could have made it all better for you, but God decided he wanted you and you decided it was time to go. Peace brother. I love you. your sister.

“ My prayers go out to the family, I new Jakie for many years, my name is Margie I am part of the Casados Family from across the street on Alcott Way. I am Jakie's age, he was a real stand up guy. He was nice, funny, and very caring. Even now when I would see him around he always made it a point to talk to me or I him. Of course we always talked about the good old days and how all of our families were all very close and respected everyone and how now things have changed so much! When we were younger he convinced me into going along with what he was saying and to tell this one friend of ours, it something real dumb of course. He said If they asked him if it was true or not he said he would agree. So I went along and said what it was to this someone else and try to sound like it was true. So the person I told said "come on lets go ask Jakie", so we did. He gave me a wink like ya I got your back and "what " he sold me out. They looked at me like I was crazy! He thought that was the funniest thing, he and Barry Simpson. Barry was his side kick at the time. You had to be there at the time to hear the way it was told cause there were a couple of Cuss words in there as to what his response was. Jokingly cuss words if that makes any sense, we would talk about that when I would see him and he still got a kick out of it . That will always be a found memory of him for me, I for one will sure miss him just like Famlia!

“ I regret not being close to you. I have nothing but good memories of you.

When I was a young child, you would come to my rescue whenever I was being picked on or teased, or whenever I needed help. I have fun memories of hanging out in your room, listening to music while you lifted dumbbells, or played your congas.

You were so nice and considerate. I'm proud to be your nephew - I wish we'd had been closer.

“ I miss you so much Jake. Your forever in my heart. I'm being comforted by so many memories of you. When we were kids, I was convinced that I was older than you because we were the same age for three days and you let me boss you around. I remember when we were kids, we both decided to try mom's chili together. How you taught me to shadow box & used my arm as a punching bag but never hitting me to hard. I'll miss our long talks about the Bible. I'm so thankful you didn't suffer long and that you knew your life was in Gods hands.

Luv your sister, Lillian

“ Jake I will miss you every day. You left this earth to soon, I wish I could turn back time and spend way more time with you and show you how much I loved you. It broke my heart to know that you had to adjust so fast to the disease stole your life. My only comfort is that you are in a place where you will you feel no more pain, no more worries in this world, you will be a peace in God's hands forever. I look forward to seeing you again in heaven. Love you forever, Rose Romero

“ My husband and I both worked with Jake at the bakery for over 25 years. He was a good friend to everyone and a good worker. He often joked that he maybe crazy but he isn't lazy. When I retired he gave me a gift card I used to buy a beautiful sweater. I wore it just 2 days before I heard of his passing and I thought of him as I do every time I wear it. I was saddened to hear about his passing. Our prayers and condolences to his family. Sincerely, Larry and Gloria Meier
