“ I don't know where to begin and can't believe this day has come... I'm going to miss you Bubba (dad) and I probably didn't tell you enough but thank you and I love you. I'm so glad I spent Christmas morning with you, who would've known it was going to be our last. And now who's supposed to pick on me?? I don't have anyone to fight with anymore, but I knew it was your way of telling me you loved me. I want to thank you for being the BEST grandpa to my babies and the best father in law anyone can ask for! No matter what I was always able to count on you and mom for anything no matter what and I appreciate everything you did not only for me but the family. I was so blessed to know you, there wasn't anywhere we went you didn't know someone, even when we went on our family vacation to California only you would know someone at Disneyland lol. You impacted so many lives and you were respected by so many. Thank you for allowing me to be part of your family and the memories I will forever hold them close. Now it's your job to watch over us. Fly high Bubba Lujan. I love you (dad)

“ Chris (Bubba) was like a second dad to me when my Daddy passed away when I was 18 , Chris and my Dad were good friends growing up and in his family he looked after me when I worked with him at Rude Center he was so good to me always encouraged me to become a coach when I worked at Rude so I coached a T-ball team of little kids and he helped me thru the whole thing. I will miss him as I miss my Dad now they are together playing baseball and football....I love you.
RIP Bubba

“ Words can't explain the pain I'm in with you being gone nino aka uncle bubba...I find myself being upset and mad with your passing but then I stop and realize that I can't question GOD and what his choices are! I can still hear you calling me "wako" and saying "I love you hito" and for that moment I smile and come to terms that your now in a better place and no more hurting and having to deal with any type of pain. I PROMISE to look after grandma and my Nina for you and make sure they are both doing fine and yes I'll keep an eye on your Rockies and Broncos lol... I love you so much uncle and there won't be a day that passes by without thinking of you and how you were an amazing father and husband but until we meet again this isn't goodbye it's I'll see later NINO!!!

“ To the Lujan family, my sincere condolences and sympathy. Blessings of the LORD now and always. I knew Bubba (Chris) through playing fast pitch softball. He was a good friend, coach and player. RIP my friend.

“ We are so saddened to hear of your loss.
We have many shared memories of such fun times with Chris and Tiny (Juanita).
When we were all together it was all about laughing and fun.
