“ Miss Mary, there are no words to express the deep loss we all feel right now. Having you in our lives was more of a blessing than you ever knew. There was never a question in my mind whether my babies were loved and safe when they were with you. Trey and Charlotte love you so much and miss you deeply. Your babies know how much you loved them, and I am so grateful they spent the first years of their lives being so loved while we were working. I wish I would have hugged you a little longer last time I saw you but I know that we have a fierce guardian angel looking out for us now. We love you so much.

## “ Lost For Words

As I sit Alone in this room  
Thinking of you  
How could this be  
That you are no longer  
Here with me  
As I face each day  
Without your smile  
& your embrace  
Because  
We didn't get to Say  
our last goodbyes  
Now all I do is  
sit here and cry  
I can still see your Beautiful face  
That day god called you home  
You left without a word to say  
I know your in heaven because  
God him self came down  
to collect Your Beautiful soul  
He knew You put your life on the line  
and your heart Was Pure Gold  
I have vivid memories as  
A lil boy  
I would love to here you say  
“That I was you world  
And with out me  
you would Wither away “  
Oh God Please help me  
On this very painful day  
I will feel this pain deep down inside  
That you are no longer buy my side  
until the day you Welcome me home  
You are my heart and soul

(I Love You To Infinity And beyond)

“ Oh where to begin??? I am in a loss of words. You have been our rock threw thick and thin. A grandma to my kids, who love you soooo much. I'm going to miss chillin with you drinking our big ass beers in your backyard. Watching "well more like" hanging out stuffing our faces during bronco games. Hailie is definitely going to miss her roll dog! She would always say I'm going to hang out with my best friend. You always gave your time, and that's what made you amazing always giving, always helping. I am going to miss you sooo much. I love you Mary! Please mess with Anthony while your up there lol

“ I love you auntie and ima miss you so much especially you always encouraging me to come around. You would always call me and tell me to call gma. I remember about 8 or 9 years ago you walked into my job and i didnt really know you but you definitely knew me. You gave me a huge hug and told me you were my auntie. I knew of you i just couldn't remember you because the lifestyle i grew up living. But i never forgot who you were after that because the love and acceptance you gave me and the encouragement to keep in contact and the positive advice you would always give me.. how could i forget you auntie if it wasnt for you i would have never got a chance to have a relationship with my dad in his last years. Thank you auntie for being apart of my life and never turning me away no matter how much ive pushed you and the rest of my dads family away you would always make a way to make me comfortable. And oh how much you talked about my dad thats how i know you loved him so much. Now your with him auntie. Ima miss you so much beautiful fly high

“ Where do I start. I have so many wonderful memories of you my sister. When I was born you where 10 yrs. Old and you always said I was your baby. You had me so attached to you you had to sneak out of the house to go play. And as we grew up you where there for Every milestone in my life you where always the to cheer me on from the birth of my children to Our Angel babys graduation you loved my kids like they where your own. We are so devastated to lose you I can't imagine our lifes without you. They say that when people pass on they dont have a chance to miss you cause they see you everyday they are always by your side, its the living that are left with only our memories. I will miss you till the end of my days and I will love your children and grandchildren like they are my very own. You really are my Angel and I love you. I really wish I got to see you more recently as the business of life didn't allow me much time to viset you and for that im so sorry.

**Cathy Holloman** - July 06 at 12:45 AM

“ You were the best mom. I remember the very first day I saw you, you fell to your knees and held me. You cried for all you lost, and then smiled for everything you got back. I love how much you loved me. You were my person. I may not have seen you every day but we talked every day. You always gave me the best advice. You gave me my love of horror movies. You gave me comfort when I needed it. You gave me you, and that's all I've ever really wanted. My heart is only temporary, so you'll always be in my soul. You will be in everything I do. My smiles, my laugh, my hugs and my love. I can only hope to be half the woman you were. I love you mama.
