“ My brother! He would always make sure I was in check and protected me no matter what. He would listen to all my annoying life stories and give me advice regardless. We always wanted to have the family close together and make certain night just for us cousins even if our parents weren't in the best terms. Gave me the absolute tightest hugs where I felt like my bones were going to break but I would be the happiest receiving them. Thank you for all the life lessons and making sure I don't take crap from no one! I love you so so much and I miss you like crazy! Put in a good word for me to the man upstairs. Til we meet again! And I'll be expecting my hug! 😊
