“ Sylvia Cristobal granddaughter, I just wanted to take the time to recognize, and validate the most sweet, loving, caring, compassionate, and forgiving person in our family. Grandma Rosalie was the foundation of our family without her my sister Barbara and I would have never reconnected with our biological family after being adopted, she kept the same address for years... and since we only had our childhood memories to rely on that's how we were able to find her. I have many memories of Grandma but, will only share one of my adult memories of her: the most special memory is when my mom, grandma and I spent the whole day together we had so much fun that we ended up staying over, we all slept in the same bed that night it made me feel like a kid again, with grandma running her finger my hair, telling me that she loved this, that morning she made breakfast for all of us like she did when I was a child and we just talked, and laughed over coffee and ended up staying until mid afternoon that day that will forever be one of my fondest memories....I Love you forever and always Grandma... you will stay in my heart in life and after....may God bless you and keep you the way you have blessed us and kept us.....rest in peace and in love for now you are with the Lord..

“ Barbara Morris granddaughter. some of my earliest memories was being at my grandma's house her cooking me breakfast and always trying to feed me.. watching her hang up the laundry and handing her clothes pins .. are some of my favorite early childhood memories.. she was The one that held the family together she loved playing bingo with her husband Saul . she did not like when people cussed around her but she would always smiled and get a kick out of it when I did haha.. her sweet smile and sweet hugs and her always blessing me whenever I was around her will be missed. I love you grandmama...!!! May God bless you
