“ I just saw this notice today and am so devastated I can't stop crying. Tammy and I were best friends in school we recently had started talking to each other and sharing old stories about the good times we had. I wish we could have stayed in touch more often. When I last spoke with her she was so sad about the loss of her daughter and was so devastated. Now to hear that she passed in her sleep like her daughter is unbelievable. I will never get over this I'm so hurt. Please if her family sees this please contact me at 7203859703. Lorraine Lucero.

“ Although Norma and I did not know Tammy as intimately as some friends and family, we did however get to know her as the endearing, compassionate person she was. For several years Norma and I invited Norman and Tammy to oversee the Easter celebration for the kids. I cannot tell you the joyest emotions of all of the children who attended it was like Christmas all over again. Her enthusiasm, laughter and smile made this occasion an event the children counted down the days for to the next one. Tammy, Norma and I will miss you terribly, especially with Easter next week. Our sincere condolences to your family with whom we were able to meet at the above celebrations. We will consider it an honor in your memory to hold a similar celebration next year. May Jesus hold you in his loving hands and bring you and your daughter together again.

“ Hello My name is Jack Aguinaldo
Tammy was my ex wife we had 25 yrs together I remember when we first met. She moved next door to me she was the most beautiful site I completely fell in love with her my heart sunk to my knees. I remember she used to tell me that I made her smile every time we were together. She gave me 4 beautiful children 2 boys 2 girls. We raised our kids the best we could being such a young couple learning how to raise children. It was a task but we got through it with the help of our family. Sure we had our hard times as everyone else. But we loved each other for the 25 yrs . We had some awesome times together. Tammy was a true meaning of a good wife and mother. Hard worker so full of energy.
I never wanted to lose her always thought we would have died in each other arms grow old together god I loved her so much
But life had different destiny which led to divorce. Seeing you with Austin was hard but I held my composure didn't say anything to him out of respect for you Tammy. I guess I kinda hoped you'd come back to me now. Now you were called by our daughter Lovette. The memories with you Tammy will remain
In my heart I'll always be your man Tammy Aguinaldo

“ Tammy could always be found either singing or dancing around work, brightening everyone's day and often getting others to join in. Her laugh and her smile were infectious and she could make even the darkest of days seem brighter. (Just look at her picture, it couldn't represent her any better). I can only imagine that she is singing, dancing and laughing with her daughter once again, they were never far apart in life. Our condolences to her friends, and family. Especially her grandbabies, who were her pride and joy. We will all miss you "crafty grandma".
